

PRIYANKA P JOSE

FULL STACK DEVELOPER

30 days' notice period

"7 years challenging the concepts of programming, aiming to shape the future through technology"

SUMMARY OF QUALIFICATIONS

- A result-oriented IT Professional with 7 years of experience in building, maintaining, and implementing front-end and back-end systems.
- Expertise in the use of web technologies to develop web, e-commerce, and enterprise applications, as well as in manual testing and debugging.
- Strong knowledge and work experience in object-oriented PHP programming, Laravel and Zend PHP frameworks, along with MVC design patterns.
- Work experience in Node.js for client-side and server-side JavaScript programming
- work experience in interactive front-end development using open-source JavaScript libraries like React.js, Vue.js, and jQuery.
- Work experience in cross-platform apps for iOS/Android using the Flutter development framework.
- Strong understanding of the SDLC and solid experience in application development by using the Agile Scrum Methodology.
- Good experience in the RDBMS databases such as MySQL, PostgreSQL.
- Sound knowledge of database operations by programming languages such as PL/pgSQL and SQL, as well as the usage of Redis Cache
- Expertise in Solution Design, Peer Review and Code Review.
- Sound experience in microservices, client-server, and REST API software architectures and styles, and the implementation of payment gateways.
- Experience in Docker system, Firebase Messaging and Google Analytics

WORK EXPERIENCE

SENIOR SOFTWARE DEVELOPER, 2021 December – Present |
THE CLOUD | <https://thecloud.ae/> |
ABU DHABI, UAE

- My role involves designing and developing multiple PHP web applications using PHP programming, MySQL, MVC, and microservice architectures, JavaScript, jQuery, Bootstrap, HTML, and CSS.
- I am tasked with developing and supporting various modules of a JS web application using React.js, Express.js, MVC architecture, and MySQL in the Node.js runtime environment.
- Expertise in integrating with different application
- Experience in using a REST API, Postman API in agile environment for creating and handling simple and complex HTTP/s requests and inspect their responses
- Providing team leadership to the team during analysis, design, build, and deployment of applications.
- Hands-on experience in executing the integration of microservice design and Stripe Payment Gateway
- Experience in creating dynamic endpoints for different application
- Sound knowledge in Redis Cache

AREA OF EXPERTISE

- Software engineering
- Full Stack development
- Application maintenance

TECHNICAL SKILLS

- **Programming**
PHP, Core Java, JavaScript, Dart
- **Web Design**
HTML, CSS, Bootstrap
- **Front-End JavaScript Libraries**
React.js, Vue.js, jQuery
- **Back-End Frameworks**
Laravel, Zend, Express.js
- **Full-Stack Frameworks**
Liveware
- **JS Runtime Environment**
Node.js
- **Mobile App Development**
Flutter
- **RDBMS**
MySQL, PostgreSQL
- **Payment Gateways**
Stripe, Razorpay
- **Software Architectures and Styles**
MVC, Microservices, REST API

- Have the responsibility to conduct peer review and code review of software source codes.
- Providing technical support for released applications and supporting the Customer Support team.
- Assisting in defining the scope, planning, time estimation, and tracking multiple developments.

FULL STACK DEVELOPER, 2021 February – 2021 November |
NEXART TECHNOSOLUTIONS PVT LTD | <https://nexart.tech/> |
TRIVANDRUM, KERALA, INDIA

- Involved in the designing, development, and troubleshooting of modules of multiple web applications using Vue.js front end framework, Livewire full stack framework, MVC architecture, PHP Laravel framework and MySQL.
- Experience in developing UI of applications using html5, CSS, jQuery, and Ajax, Bootstrap and JavaScript
- Involved in bug fixing of multi-platform mobile apps for iOS/Android developed by Flutter framework and Dart programming language.
- Experience in making changes and bug fixing of source code and database during live environment from the customer.
- Experience in implementing cross-platform cloud solution for messages and notifications services by using Firebase Cloud Messaging.
- Hands-on experience in executing the integration of Razor pay Payment Gateway in Laravel applications.

SOFTWARE ENGINEER, 2016 June – 2018 September |
NUCORE SOFTWARE SOLUTIONS (P) LTD | <https://www.nucore.in/> |
CALICUT, KERALA, INDIA

- Worked primarily as a backend developer on the company's enterprise application software, which uses Zend as its framework and practiced Agile Software methodology.
- Worked on the design and development of various projects, which involved complex development based on PHP, Zend Framework, PostgreSQL, HTML, CSS, JavaScript, jQuery, Linux, Apache.
- Provided Team leadership during the analysis, design, and build of the applications.
- Troubleshoot and responded quickly to the errors that surface during the operations from customers.
- Worked secondly as a Solution Designer for understanding business challenges and translate them into technical solutions.
- Also had taken the responsibility of manual code review of software source code developed by team members before proceeding to QA.
- Mentored junior developers to allow them to be competent developers.

JUNIOR SOFTWARE ENGINEER, 2015 March – 2016 May |
SEAMEDIA | <https://www.seamedia.in/> |
CALICUT, KERALA, INDIA

- Designed and developed web applications using Core PHP, MySQL, HTML, CSS, JavaScript, jQuery, Bootstrap to satisfy technical and functional system requirements.
- Helped design team with coding to create a user-friendly interface that is compatible across every major operating system
- Independently contracted to develop various web-based projects in the LAMP and WAMP architecture. PHP OOP's principles and MVC had applied to all code designed.
- Worked in the agile environment with daily scrum calls and coordination with team members.

▪ **Repositories**
 GitHub, GitLab

▪ **Platforms and Tools**
 Docker, Google Analytics, Slack, Mattermost, Firebase, Postman, Stripe, Redmine, MySQL Workbench

CODE EDITORS

- PhpStorm
- Visual Studio Code
- Android Studio
- NetBeans
- Dreamweaver

SOFT SKILLS

- Problem Solving
- Creativity
- Teamwork
- Critical thinking
- Time Management
- Adaptability

EDUCATION

- **MASTER OF COMPUTER APPLICATIONS (MCA)**
 2011 - 2014
 Mahatma Gandhi University, Kerala, India
- **BACHELOR OF SCIENCE IN COMPUTER SCIENCE**
 2008 - 2011
 Kannur University, Kerala, India

PERSONAL INFO

- Nationality: Indian
- Visa Status: Residence
